

GUGAN J

Software Engineer

Coimbatore, Tamil Nadu, India | +91 99447 17243 | guganjeevanantham987@gmail.com | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Software Engineer with 3+ years of experience building enterprise ERP applications with a strong frontend focus in JavaScript (ES6+), React.js, and Kendo UI. Progressed from Trainee to Associate Software Engineer at Tactive Software Systems, delivering GST-compliant billing modules and high-performance UI screens. Optimized ERP grids handling 10,000+ records for a 40% performance gain and resolved 120+ defects with a 95% first-response rate. Currently upskilling in Node.js and TypeScript.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, jQuery, Bootstrap, Node.js (Basics)

React: React Hooks (useState, useEffect, useMemo, useCallback), Reusable Components, Component-Based Architecture, Single Page Applications (SPA)

UI Frameworks & Tools: Kendo UI (React), VS Code, Visual Studio, Git, GitHub, Crystal Reports

Databases: MS SQL Server, MySQL, PostgreSQL, SQL (Query Optimization, Stored Procedures)

Development Practices: Agile, Scrum, SDLC, REST API Integration, UI Performance Optimization, Cross-Browser Compatibility, Reusable Component Development, Responsive Design, Debugging, Code Review, Unit Testing, Requirement Analysis, Production Support

PROFESSIONAL EXPERIENCE

Tactive Software Systems Pvt. Ltd. — Associate Software Engineer

May 2022 – Sep 2025

Career progression: Trainee → Programmer Analyst → Associate Software Engineer

Erode, Tamil Nadu

- Designed, developed, and maintained 10+ enterprise ERP module screens using JavaScript (ES6+), React.js, jQuery, and Kendo UI, supporting 50+ daily active users across billing and project tracking workflows.
- Built reusable React components for Tree View and Tree List using Kendo UI React wrappers with useState and useEffect hooks for state management and component lifecycle control.
- Implemented GST-compliant Tax Invoice, Labour Management, Approval Workflow, and Bill Configuration modules with REST API integration and multi-level form validations.
- Optimized data-heavy ERP grids processing 10,000+ records, achieving a 40% UI performance improvement and 35% reduction in data rendering time through DOM refactoring and Kendo UI grid tuning.
- Resolved 120+ UI/UX defects while maintaining cross-browser compatibility and responsive design standards, sustaining a 95% first-response resolution rate across Agile/Scrum sprints.

PROJECTS

Construction Information Management System (CIMS) — ERP Project Management Module

Enterprise ERP platform built at Tactive Software Systems · 2022 – 2025

- Developed GST-compliant Billing and Tax Invoice modules handling CGST, SGST, and IGST with REST API integration and multi-level form validations.
- Built Labour Management screens, single- and multi-level Approval Workflow modules, and interactive Dashboards displaying real-time billing, labour, and project monitoring metrics.
- Generated Crystal Reports for module-level reporting and built reusable React Tree View / Tree List components using Kendo UI with useState and useEffect hooks.
- Integrated dynamic data rendering across Billing, Labour, Dashboard, and Workflow modules via REST APIs, enabling real-time data updates and seamless user interactions for enterprise clients.

AI Document-QA — AI-Powered PDF Q&A Web App

[Live Demo](#)

Personal Project · React.js (Vite), Node.js, Express, Groq API

- Built a full-stack Q&A application that answers user queries strictly from the content of an uploaded PDF, avoiding hallucinated or out-of-context responses.
- Deployed the React (Vite) frontend on Vercel and the Node.js/Express backend on Render, integrating the Groq API for real-time response generation.

FlipZone — Card Flip Memory Game

[Live Demo](#)

Personal Project · React.js, JavaScript (ES6+), HTML5, CSS3

- Developed a card-flip memory game SPA using React.js with React Hooks for state management, smooth CSS animations, and fully responsive UI across all devices.

EDUCATION

B.Sc. Computer Science — JKKN College of Arts & Science, Periyar University

2017 – 2020
